Contact phone number [REDACTED]

This is a submission on the following proposed plan change to the Waipā District Plan

More Public Litter Bins: With 28 hectares of new housing and a brand-new Reserve Zone being built, the council must install plenty of public litter bins around the new parks, reserves, and walkways to keep our town clean and prevent rubbish dumping.

Council-Provided Household Rubbish Bins: Instead of relying on expensive private companies and private bags, the council needs to introduce a universal, council-run wheelie bin service for rubbish.

Focus on Cheaper Rates: I want a cheaper rates bill. To keep costs low and make it affordable this time, the council should focus just on a standard rubbish service instead of adding an organic food waste service. A streamlined council rubbish bin service will work best and keep things cheaper for residents.

Could you gain an advantage in trade competition through this submission? I could

Are you directly affected by an effect of the subject matter that - (a) adversely affects the environment; and (b) does not relate to trade competition or the effects of trade competition? I am

Do you wish to be heard (attend and speak at the Council hearing) in support of your submission? I do not

If others make a similar submission, will you consider presenting a joint case with them at the hearing? Yes

Do you support the proposed change(s)? I support

The specific provisions of the plan change my submission relates to are (give details):

More Public Litter Bins: With 28 hectares of new housing and a brand-new Reserve Zone being built, the council must install plenty of public litter bins around the new parks, reserves, and walkways to keep our town clean and prevent rubbish dumping.

Council-Provided Household Rubbish Bins: Instead of relying on expensive private companies and private bags, the council needs to introduce a universal, council-run wheelie bin service for rubbish.

Focus on Cheaper Rates: I want a cheaper rates bill. To keep costs low and make it affordable this time, the council should focus just on a standard rubbish service instead of adding an organic food waste

service. A streamlined council rubbish bin service will work best and keep things cheaper for residents.

My submission is

More Public Litter Bins: With 28 hectares of new housing and a brand-new Reserve Zone being built, the council must install plenty of public litter bins around the new parks, reserves, and walkways to keep our town clean and prevent rubbish dumping.

Council-Provided Household Rubbish Bins: Instead of relying on expensive private companies and private bags, the council needs to introduce a universal, council-run wheelie bin service for rubbish.

Focus on Cheaper Rates: I want a cheaper rates bill. To keep costs low and make it affordable this time, the council should focus just on a standard rubbish service instead of adding an organic food waste service. A streamlined council rubbish bin service will work best and keep things cheaper for residents.

I seek the following decision/s from Council

More Public Litter Bins: With 28 hectares of new housing and a brand-new Reserve Zone being built, the council must install plenty of public litter bins around the new parks, reserves, and walkways to keep our town clean and prevent rubbish dumping.

Council-Provided Household Rubbish Bins: Instead of relying on expensive private companies and private bags, the council needs to introduce a universal, council-run wheelie bin service for rubbish.

Focus on Cheaper Rates: I want a cheaper rates bill. To keep costs low and make it affordable this time, the council should focus just on a standard rubbish service instead of adding an organic food waste service. A streamlined council rubbish bin service will work best and keep things cheaper for residents.
