

FINAL CONCEPT PLAN

Leamington Domain playground design

2.0 Playground Overview

KEY

- Existing trees
- Proposed trees
- Garden
- Artificial surface - astroturf
- Artificial surface - rubber wetpour
- Cushion fall
- Various concrete and wetpour types to depict the river
- Future street path network
- 1. Ngahere nature play area
- 2. 'Maranui' play area
- 3. 'Pukenui' summit play area
- 4. Garden 'preparation area' play area
 - 4a Water play at the 'edge of the awa'
 - 4b Sand play at 'the borrow pits'
 - 4c Musical play
- 5. Relocated existing roller
- 6. Train ride enhancements
- 7. Whaanau picnic area
- 8. Boundary and entrance planting / natural barrier

SECTION TWO

2.1 Ngahere Nature Play Area

KEY

1.

Natural timber play feature of tree limbs in cushion fall. Exact configuration TBC
2.

Timber hut
3.

Stepping logs, rocks and balance beams.
4.

Decorative items e.g. bug houses, bird houses etc.
5.

Raised garden beds edged with punga logs. Beds planted with native species. Exact shapes TBC; dependent on existing tree roots.
6.

New tree planting to enhance the existing glade. Species TBC but likely to include rhododendron and flowering magnolia
7.

Space for free play and picnics
8.

Accessible picnic set
9.

Integrated seating
10.

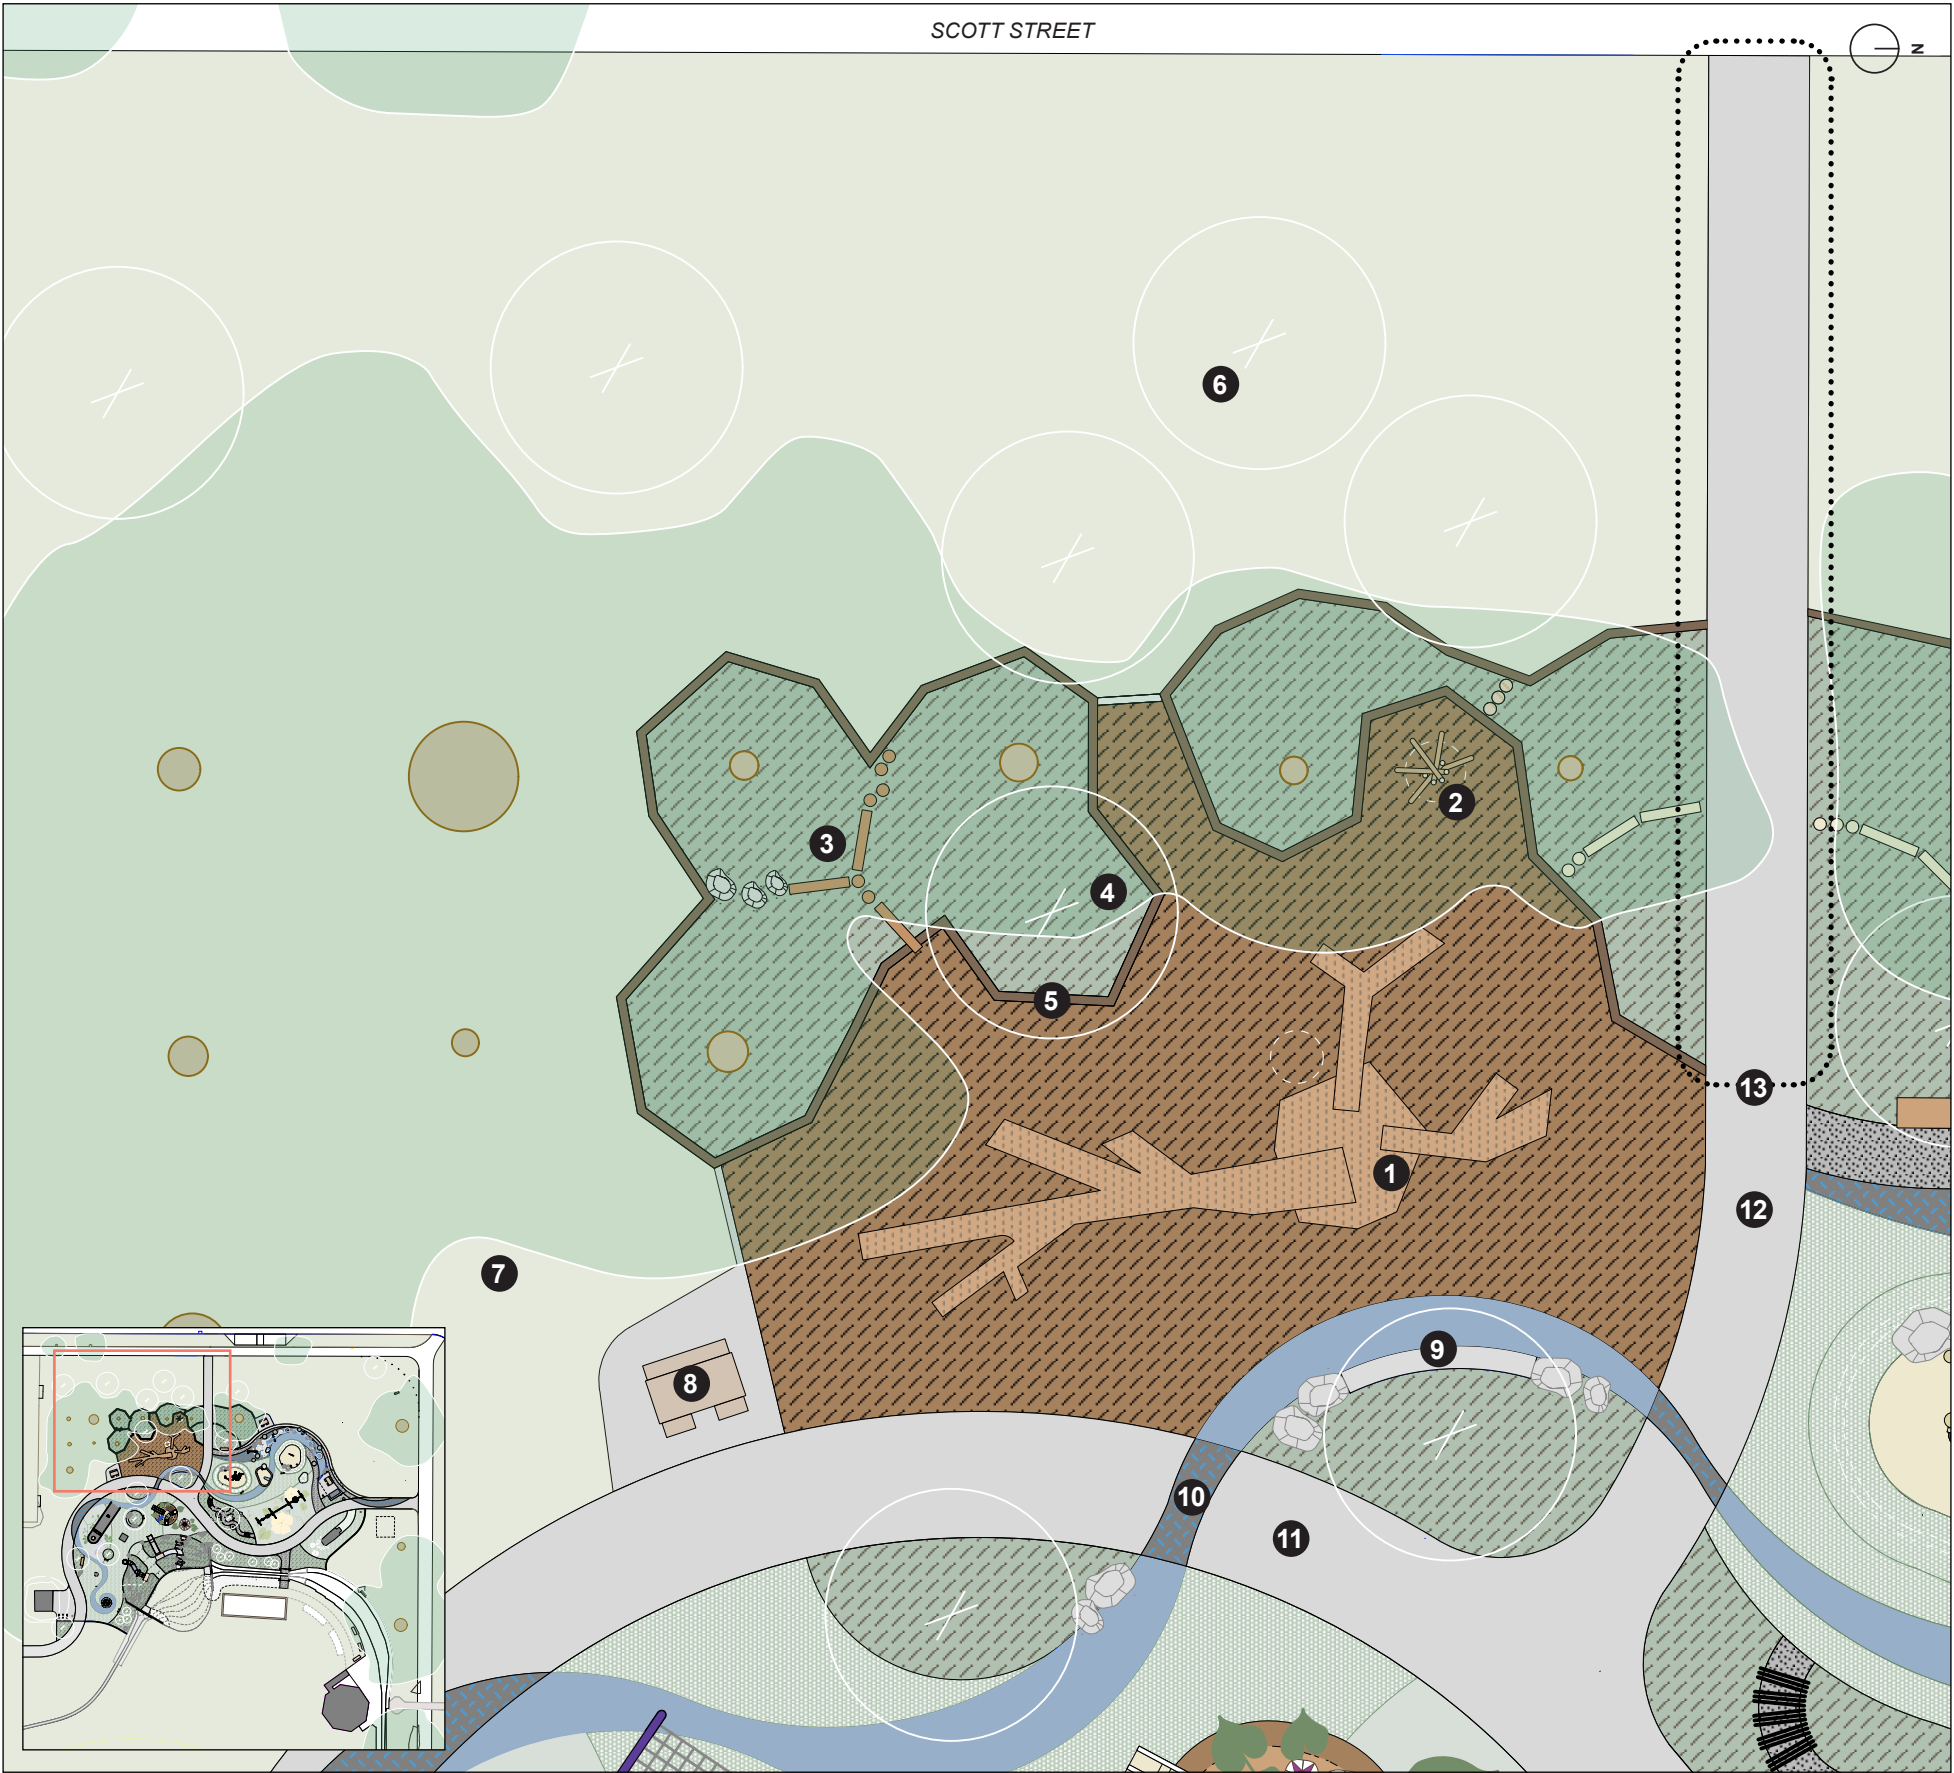

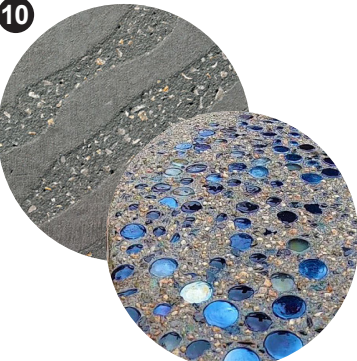

2.5m wide shared path. Brushed concrete.
11.

'River' crossings across main path to help tie playground together. Finish TBC.
12.

2m wide path. Brushed concrete
13.

Path location to be determined on site due to tree roots and drip lines and existing power pole.

IMAGERY

SECTION TWO

2.2 Kuumara, taewa and pukenui play areas

KEY

1. Kuumara garden junior play mound (1.2m h). Includes double embankment slide, elbow tunnel, climbing grips and rope. Wetpour shapes to illustrate kuumara leaves and flower.

2. Kuumara flower bowl spinner

3. Accessible trampoline

4. Spaghetti Crinkle climbing frame.

5. Aero tilt spinner

6. Accessible carousel

7. Timber and concrete steps

8. Open 1m wide stainless slide

9. Astroturf bank/terracing

10. Wiggly tube slide (2.5m h)

11. Timber trail to slide

12. Palisade sections

13. Lookout markers

14. Train viewing decks

15. Open lawn

16. Train tunnel door and wall treatment TBC (e.g. mural)

17. Nikau/Ti kouka glades

18. Path connection to tie into existing toilet block.

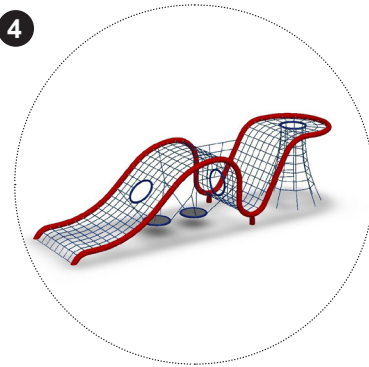

19. Cycle racks and rubbish bin

IMAGERY - KUUMARA MOUND

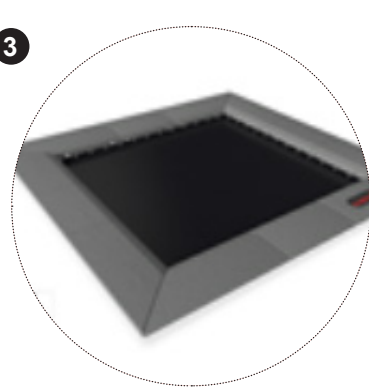

IMAGERY - TAEWA AREAS

Feature item
Playground Creations Spaghetti Crinkle. Dark violet frame with beige rope

Trampoline
Playground People 1.5m x 1.5m accessible tramp.

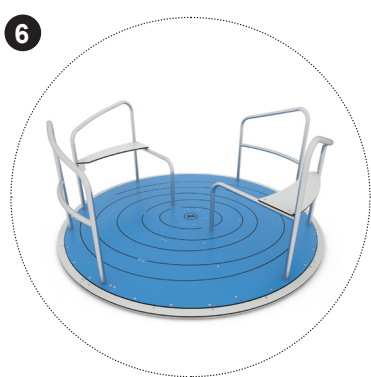

Overhead Spinner
Playground Creations Aero Tilt. Stainless steel.

Taewa flowers and leaves

Carousel
Vinci Play inclusive carousel. Stainless steel.

IMAGERY - PUKENUI AREA

Stainless slide
Playground People 2m h x 1m w embankment slide

Timber and concrete path

Wiggly tube slide
Playground People 2.5m h embankment slide. Purple

Timber trail up bank

Pou/ Orientation markers on top of pukenui

Palisade design

SECTION TWO

2.3 Te awa, borrow pit, maraiti and hue play areas

KEY

1. Te awa waterplay zone. Water features include bubble up fountains at various pressures, misters, depressions and mounds to create pools, cascades and puddles, retaining weirs (pull up handle and twist +turn handle), accessible water trough and mill, hand pump and accessible water tray.

2. Borrow pit sandplay zone. 2 x sand pits in astroturf mounds and one at grade.

2a Sandplay module and rock and timber sandplay tables with tools.

2b Accessible sand pit with raised play tray and water play peninsula

2c Rotating sandplay digger and rock and timber sandplay tables with tools.
3. Three bay swing set: Two bays will be 'Mega swing' frames with 2 x strap seats and 1 x basket. One bay will be regular with junior seats: 1 x you + me, 1 x infant half bucket.

4. Maraiti musical play zone. A small, enclosed garden with accessible, meandering paths through garden hoops and bean pole frames to musical equipment.

4a Cattail chimes (three heads)

4b Sansa-rimba (thumb piano and xylophone combination)

4c Babel drum
5. Relocated roller set in astroturf. Ground form to imply flattened grass behind and mounds being flattened in front. Roller frame to be painted with more detail.

6. Train line crossing. Exposed aggregate to differentiate from main path. Crossing arms. Design TBC with stakeholders.

7. River detail (wetpour)

8. Oioi gardens

9. Seat with back

10. Accessible picnic sets

11. BBQ shelter

12. Accessible BBQ

13. Accessible drinking fountain

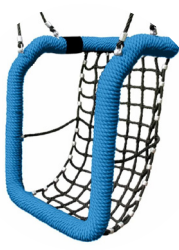

14. Rubbish bin

IMAGERY

Swings

Playground Centre, timber 3 bay swing set. Two bays will be 'Mega swing' frames with 2 x strap seats and 1 x basket. One bay will be regular with junior seats: 1 x you + me, 1 x infant half bucket.

Hue flower and leaves

Maraiti features

Sandplay and water features

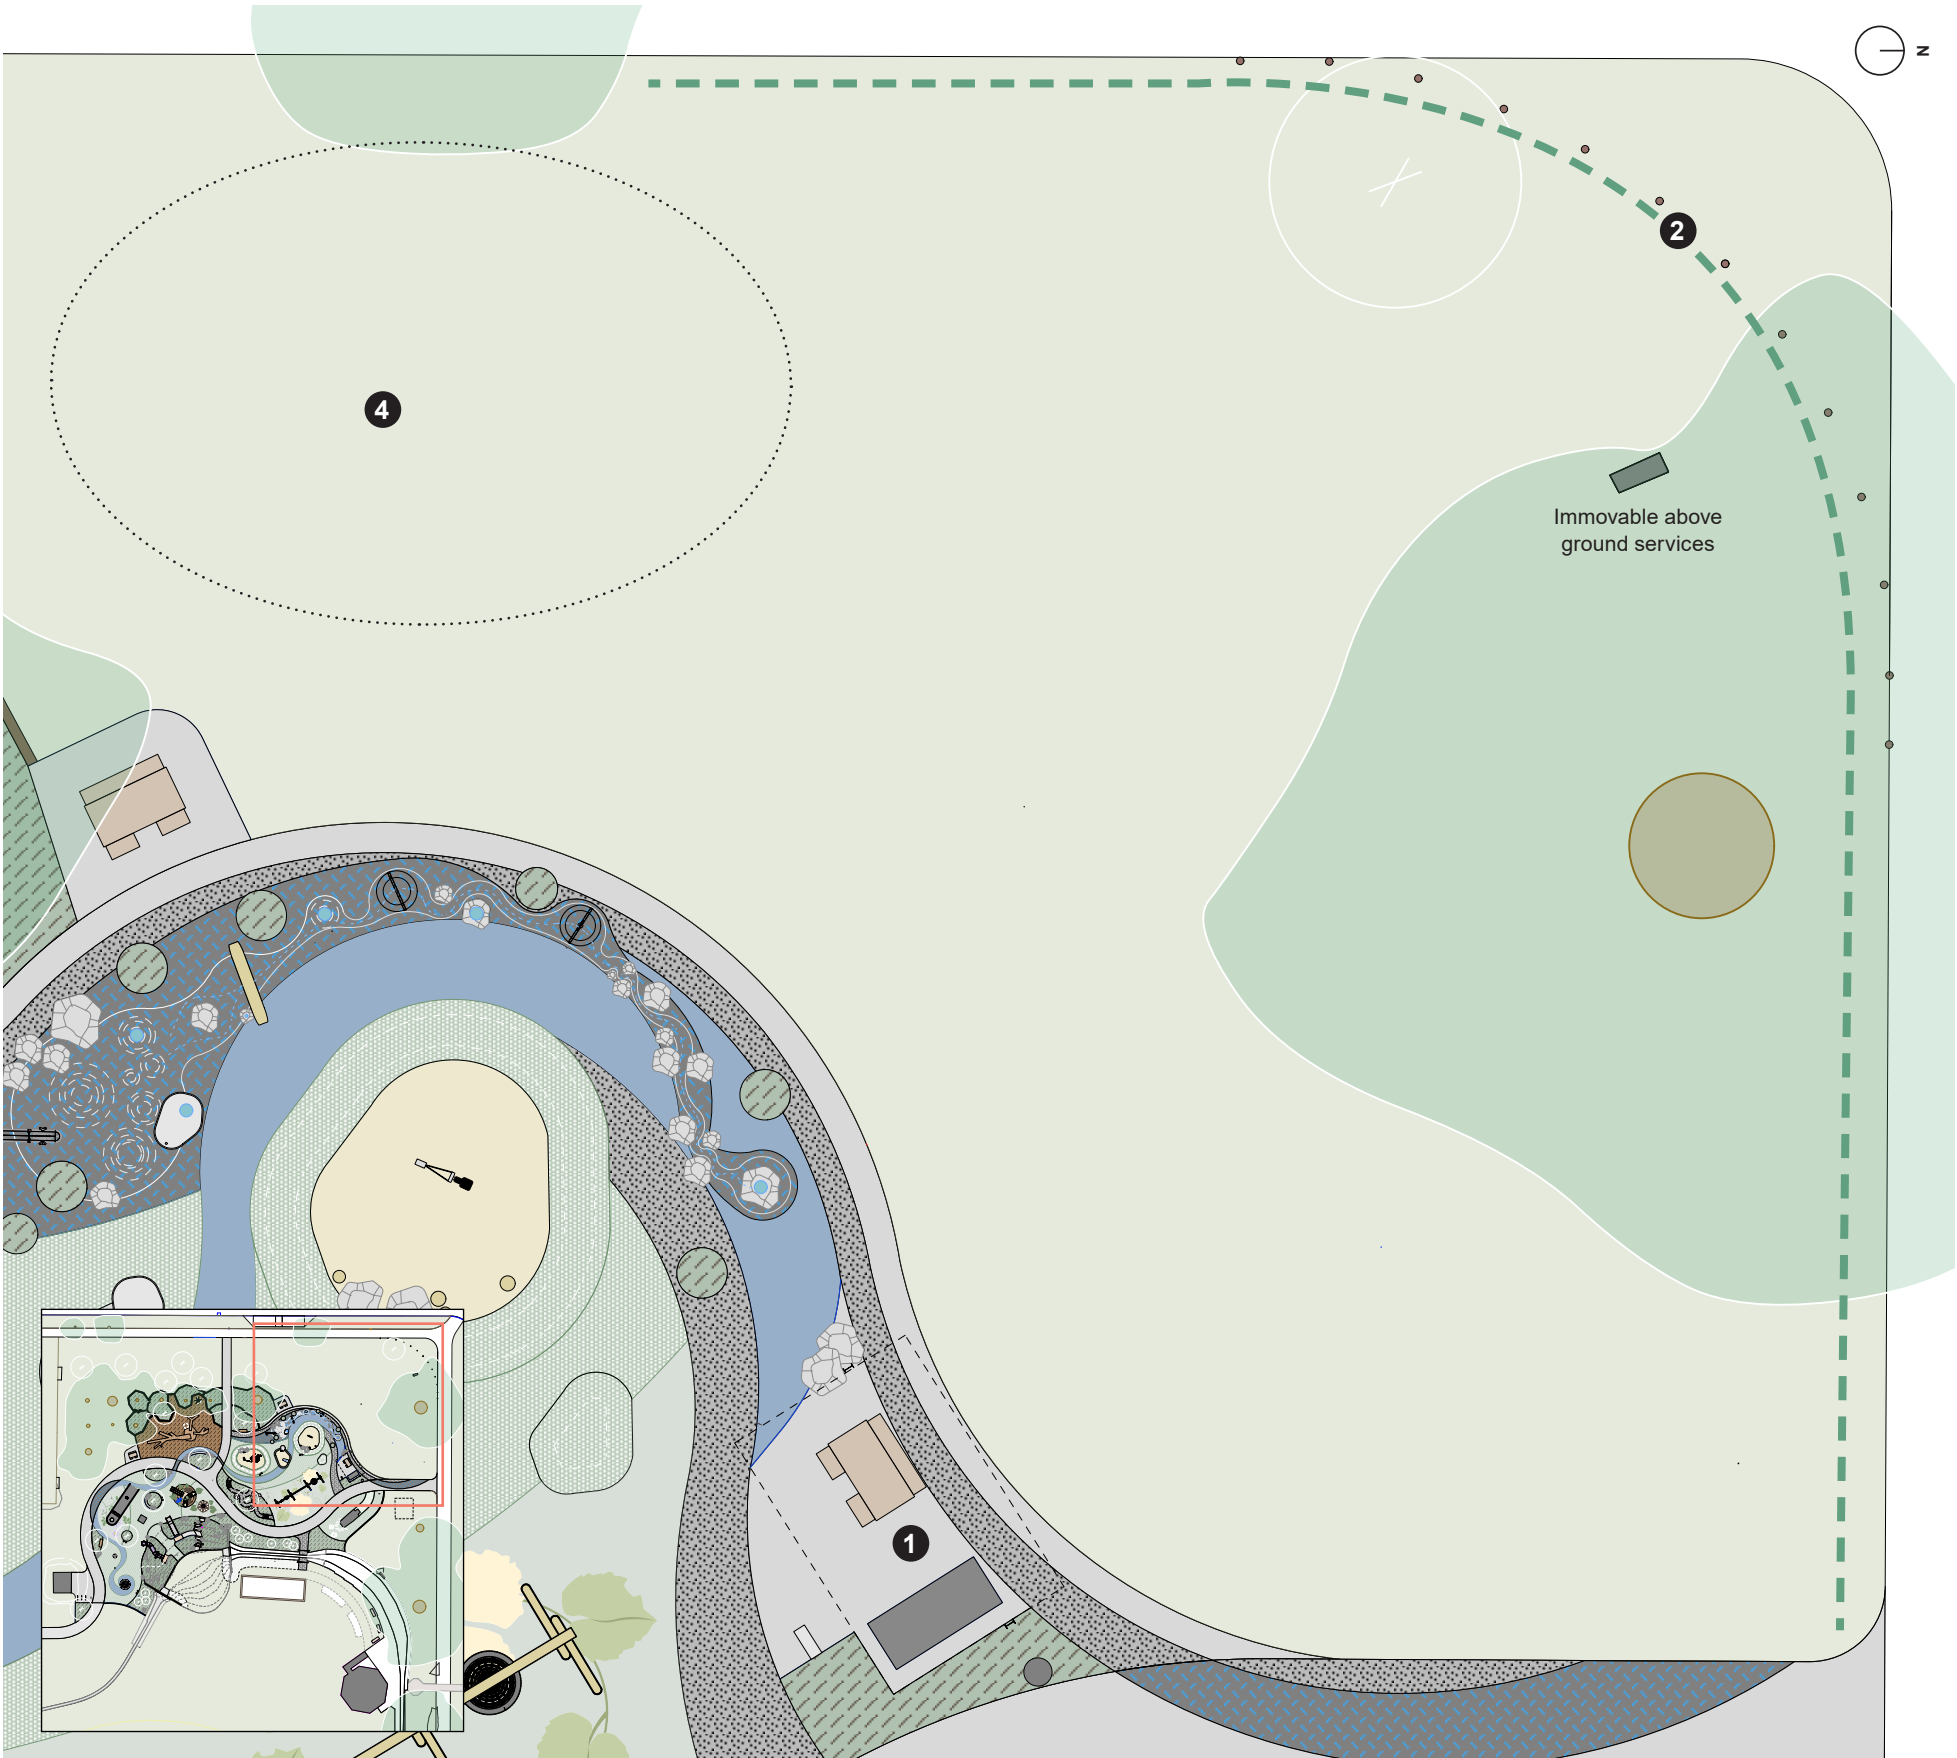

2.4 Whānau Picnic Area

KEY

- 1. BBQ and picnic table shelter. 6m x 4m Powdercoated Dulux Mist Green. Set on a concrete base.
 - Accessible, double hotplate BBQ
 - 'Marlborough' accessible picnic set
- 2. Corner gates and fencing removed and replaced with additional bollards, planting bed and trees. Above ground services to remain and be screened by planting. Design TBC.
- 3. Potential future fruit tree grove.

PRECEDENT IMAGES

2.5 Path to carpark

KEY

- 1. New 2.5m wide concrete path
- 2. Existing path to remain
- 3. Existing park toilets

EXISTING IMAGES

3.1 Additional park furniture

 = Ordered

Stump seat
Natural wood macrocarpa.

Portland seat
Timber with coloursteel base and arms to improve accessibility and ease of use.

Built in seating
Timber slats on in-situ concrete. Hand rails and back support to be included at various intervals.

Street Furniture NZ Drinking Fountain
Accessible design.

Street Furniture NZ Type D
Cycle stands.

Bilingual signage.
